

MIPP *matters*

Ergonomics, Health & Safety for Hospitality Employees

Were You Caught Off Guard by the MIPP Regulation?

If you answered Yes, you are Not Alone!

Over the last few months, our Hospitality Specialists have fielded many calls with regard to the MIPP. Since July we have helped numerous Hotels perform a Worksite Evaluation and Risk Assessment and deliver effective MIPP Education & Skills Training.

Many Hotels informed us that for various reasons they have not yet completed their mandatory risk assessment and most have concerns about how to deliver MIPP Employee and Supervisor Training in 2019.

Should you be worried about an OSHA inspection or fine? *Worrying is not the solution.* The best course of action is to make a solid plan for 2019 and beyond.

Team Accurate is here to help your Property, Brand or Management Company: Comply with this new law, reduce risk and liability, improve efficiency and prevent loss. Below are a few ways that will assist your team to achieve positive outcomes.
